## WHY OUTDOOR EDUCATION?

At Camp Luther, we believe some of the most powerful, lasting learning comes when kids are engaged in impactful outdoor experiences. Outdoor Education equips your students with skills in communication, personal leadership, and problem solving while also building their understanding of the natural sciences through engaging, hands-on sessions.

Camp Luther staff work closely with you to adapt our outdoor education program to your group's unique needs. Once your group is at camp, our highly trained staff will lead the majority of the sessions and activities, allowing you to engage with your students and focus on community building within your class.
